6. Abstract submission

All abstracts should be submitted to the conference email (aocongress_2021@vip.163.com) by October 10th, 2021. The notification of acceptance will be sent to all delegates on October 13th, 2021. The submission of the

abstracts would be accepted in the style of the attached template, after academic evaluation by the Academic Committee.

7. Virtue Presentation

To overcome the time difference, avoid internet traffic and increase the efficiency of communication, for those delegates who can not participate in person, the speakers should record their talks and send the videos in advance. The organizer of the Conference will play the recorded video during the time-slot of the presentation. The speakers are requested to stay online during the video playing and answer questions during the Q&A session after each talk. We suggest the speakers could include English subtitles in the video if possible.

The preferred format of the video is AVI, MPEG, MP4 or WMV. The image resolution should be larger than 640x480 pixels, and the video length should be limited to 15 minutes (session talk) and 35 minutes (plenary talk). All videos should be sent by October 24th, 2021 to the conference email: aocongress_2021@vip.163.com

For each accepted abstract that we could not arrange for oral presentation due to time limitation, we encourage the delegates send a poster in PDF file (A0 size: 90 by 120 cm) to the conference email (aocongress_2021@vip.163.com) by October 24th, 2021 so that we can print and present your poster at the conference to increase the visibility of your research.
